## **GoGo Penguin**

GoGo Penguin, the Manchester trio who inspirationally blend jazz, classical, and electronic influences, have just released a powerful new album, *Necessary Fictions*, which finds pianist, Chris Illingworth; bassist, Nick Blacka; and drummer, Jon Scott, digging deep internally to reach “what we think are our integral, authentic qualities at this moment in time.” It is a powerful driver for some of their boldest music to date, incorporating modular synths, Moog Grandmother, and electric bass into their sound more than ever before as they glide spectacularly from acoustic instrumentation into electronica with drums to the fore. Honest and powerful, *Necessary Fictions* is the band at their very best.

*GoGo Penguin is making its Royal Conservatory debut tonight.*
